EEC
Group

Since 1975

EEC has over 40 years experience in solutions made from sandwich panels.

We specialize in prefabricated temporary accommodation solutions custom made to your requirements.

Our units can be designed as site offices, kitchen and dining facilities, educational classrooms, staff accommodation & dormitories, recreational areas, toilets & bathrooms, field clinics, security offices & guard rooms & retail outlets.

These units are suitable for Construction, Oil & Gas and Mining projects

We offer various options (either as a single floor or 2 floors):

- Large Prefabricated office accommodation (any size).
- Compact Portable Caravans of differing sizes up to 12m in length.
- On a chassis, designed economically.
- On skids, designed for ease of transportation to remote sites.
- Integrated on trailers, designed for mobility.

The advantage over the traditional concrete, brick & mortar buildings are:

- Ease and speed of installation
- Ease of transportation
- Ability to dismantle & re-assemble at a different site with minimal losses.

Scope of Services

- Full design conceptualization and layout zoning
- Site preparation and landscaping
- Civil works (concrete base) or steel chassis
- Fabrication of Cold rolled steel skeleton (painted or galvanized)
- Sandwich Panel (production and sourcing)
- Skin types (steel, aluminum, wood)
- Insulation core (Polyurethane, EPS, rock wool)
- Different Fire-Ratings
- Complete internal and external fit-out (flooring, false ceilings, electro-mechanical - lighting; power; IT; Telecom; CCTV; fire-systems, HVAC, aluminum windows & doors, fixtures & fittings, furniture, sanitary, internal & external plumbing (drainage and guttering), parking areas).

**EEC also manufactures
“Equipment Shelters for the Telecoms sector and Control Rooms
for the Power & Energy sector”**

**Engineering Enterprises
for Civil & Steel Constructions S.A.E**
